

# **Simple Custom Dialog Examples**

By Thom Parker, WindJack Solutions, Inc.

Custom Dialogs can easily become large and very complex. The examples shown here keep the dialogs to a minimum of complexity so you can see some of details of various aspects of creating a custom dialog.

## **Simplest Dialog**

**Simplest Dialog with elements arranged in a view, i.e., container object.**

**Simplest Dialog with elements arranged in a cluster, i.e., the other container object.**

**Dialog with input text box and OK/Cancel button**

**Setting and Returning data from a Dialog**

**Dialog with custom logo image**
